

Children's Special Health Services ***North Dakota Department of Health***

Family Voices of ND

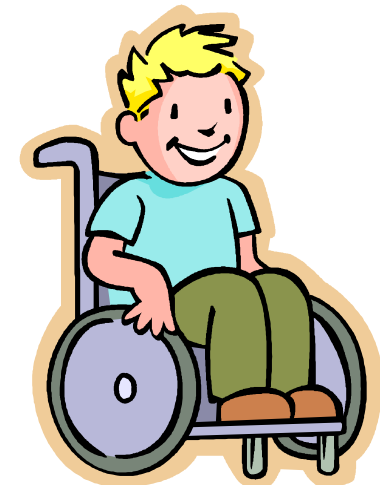

Topical Call

April 17, 2012

Presentation by:

Sue Burns

Melissa Evans

Children's Special Health Services (CSHS)

⌘ CSHS is a division in the Special Populations Section of the North Dakota Department of Health

⌘ CSHS is the designated Title V CSHCN program for the MCH Block Grant

CSHS Mission: Improve Children's Health

⌘ CSHS provides services for children with special health care needs and their families

⌘ CSHS promotes family-centered, community-based, coordinated services and systems of health care

General CSHS Eligibility

- ⌘ Age - child must be birth to age 21 years
- ⌘ Residency - child must be a ND resident
- ⌘ Special Health Care Need - child must have a chronic condition and require health and related services beyond that needed by most children

CSHS Programs

- ⌘ Specialty Care Diagnostic & Treatment Program
- ⌘ Multidisciplinary Clinics
- ⌘ Care Coordination
- ⌘ Metabolic Food
- ⌘ Russell Silver Syndrome Program
- ⌘ Information Resource Center
- ⌘ State Systems Development Initiative
- ⌘ CSHCN Service System

Specialty Care Diagnostic & Treatment Program

- ⌘ CSHS provides payment for covered services
- ⌘ Families apply for services at their county social service office
- ⌘ Medical eligibility for diagnostic and treatment services is based on a list of approved conditions
- ⌘ Financial eligibility for treatment services is 185% of the FPL
- ⌘ Families must use qualified providers that participate in the CSHS program

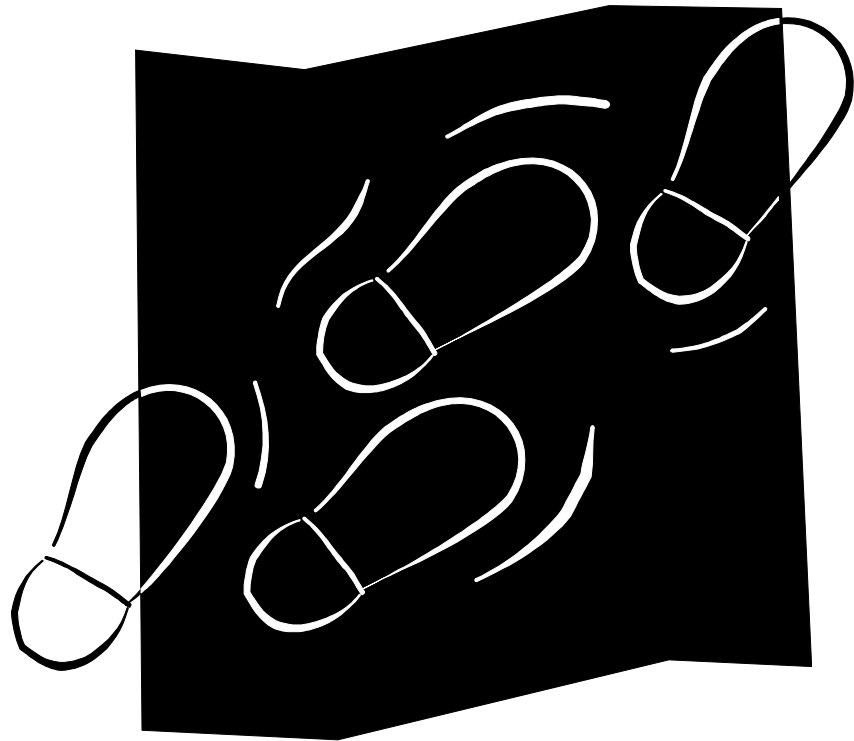

Multidisciplinary Clinic Program

- ⌘ Cleft lip/palate
- ⌘ Metabolic disorders
- ⌘ Cerebral palsy
- ⌘ Developmental
- ⌘ Myelodysplasia
- ⌘ Diabetes
- ⌘ Neurorehabilitation
- ⌘ Asthma
- ⌘ Autism
- ⌘ Cardiac program
- ⌘ Clinics support coordinated management of chronic health conditions
- ⌘ Any child who might benefit can attend
- ⌘ Team evaluations are provided
- ⌘ Reports include recommendations to help direct care
- ⌘ An annual clinic directory is available

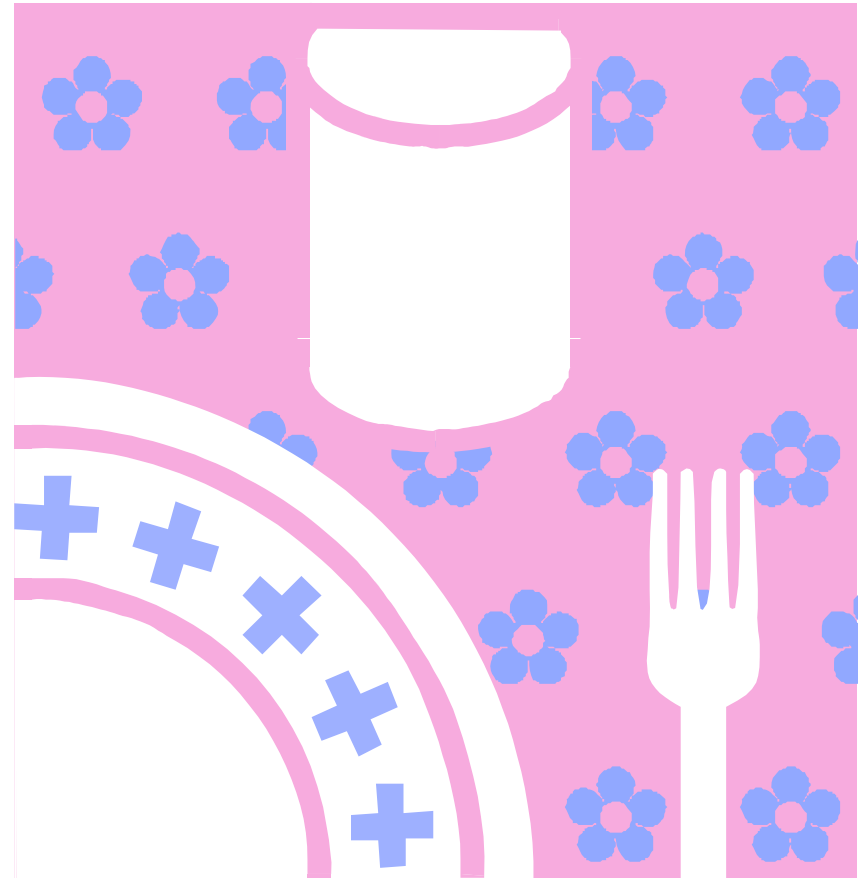

Care Coordination Program

- ⌘ Care coordination increases access to services and resources.
- ⌘ County social service staff coordinate care for children who are eligible for CSHS treatment services.
- ⌘ A public health nurse coordinates care for additional children in Grand Forks county.
- ⌘ State CSHS staff also provide care coordination support for children and their families who contact the state office.

Metabolic Food Program

⌘ CSHS provides medical food and low-protein modified food products to individuals with PKU and MSUD

Russell Silver Syndrome Program

- ⌘ To enroll, individuals must have Russell Silver Syndrome and be birth through 18 years of age
- ⌘ CSHS pays for growth hormone treatment and medical food

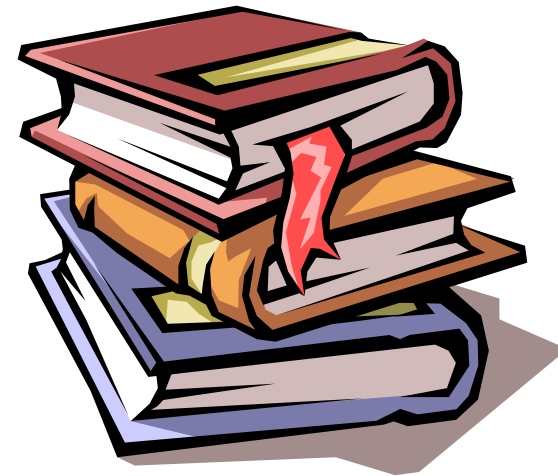

Information Resource Center

⌘ CSHS provides the following public information services:

- ☒ Toll-free telephone number
- ☒ Targeted outreach, information & referral
- ☒ Resource library
- ☒ Education & consultative services
- ☒ Marketing activities
- ☒ Information and resources that support systems development

State Systems Development Initiative (SSDI)

- ⌘ Enhance data capacity and infrastructure for the MCH population
- ⌘ Incorporate life course perspective and metrics into MCH programs, policy, and practice
- ⌘ Enhance data collection, reporting capacity, and needs assessment processes for ND's MCH population

CSHCN Service System

⌘ Six National CSHCN Measures

- ☑ Families as decision-makers and satisfied
- ☑ Medical home
- ☑ Adequate insurance
- ☑ Screening
- ☑ Integrated community-based services
- ☑ Transition to adult life
